N° 245 - Novembre 1937

LA SCIENCE ET LA OPTIQUE VIE

The cover features a dark blue background with several vertical orange lines. In the center, a large, vibrant rainbow arches over a dark doorway. A bright white beam of light enters from the right, passing through a small white sphere and illuminating the doorway. The foreground shows the tops of two blue seats with yellow and white patterns. The title 'LA SCIENCE ET LA OPTIQUE VIE' is written in large, stylized, yellow-outlined letters. 'LA' is at the top, 'SCIENCE' is the largest word, 'ET LA' is smaller, and 'OPTIQUE' and 'VIE' are also large and stylized.

SCIENCE ET LUMIÈRE À L'EXPOSITION DE 1937
